Values

Our values underpin all that we do and provide a sense of direction to people, teams and the Trust overall.

1. **Respect and dignity**

We value each person as an individual, respect their aspirations and commitments in life, and seek to understand their priorities, needs, abilities and limits. We take what others have to say seriously. We are

honest about our point of view and what we can and cannot do.

2. **Commitment to quality of care**
We earn the trust placed in us by insisting on quality and striving to get the basics right every time: safety, confidentiality, professional and managerial integrity, accountability, dependable service and good communication. We welcome feedback, learn from our mistakes and build on our successes.
3. **Compassion and kindness**
We respond with humanity and kindness to each person's pain, distress, anxiety or need. We search for the things we can do, however small, to give comfort and relieve suffering. We find time for those we serve and work alongside. We do not wait to be asked, because we care.
4. **Improving lives**
We strive to improve health and wellbeing and people's experiences of the NHS. We value excellence and professionalism wherever we find it – in the everyday things that make people's lives better as much as in clinical practice, service improvements and innovation.
5. **Working together for patients**
We put patients first in everything we do, by reaching out to staff, patients, carers, families, communities, and professionals outside the NHS. We put the needs of patients and communities before organisational boundaries.
6. **Everyone counts**
We use our resources for the benefit of the whole community and make sure nobody is excluded or left behind. We accept that some people need more help, that difficult decisions have to be taken – and that when we waste resources we waste others' opportunities. We recognise that we all have a part to play in making ourselves and our communities healthier.
7. **Being a learning organisation**
We wish to continue to be a learning organisation in partnership with Bournemouth University and other local academic organisations.

Behaviours

Our behaviours provide a guide to how we can bring our values to life and constantly remind us that how we do things is as important as what we do and achieve.

7. **Positive**
Embracing change and feedback, utilising constructive feedback to make improvements and promoting achievements of the Trust and others.
8. **Proactive**
Challenging unacceptable behaviour, showcasing learning and innovation, actively encouraging ideas and involvement from others.
9. **Supportive**
Being attentive, encouraging and helping others, giving and receiving feedback to enable people, teams and services to develop.
10. **Respectful**
Empowering people to voice their opinion, introducing yourself and ensuring language is professional and inclusive.
11. **Reliable and trustworthy**
Being open and transparent, acknowledging errors, being honest about limitations and not over-promising.
